

Bahia Mita Optional Environmental Fee

Effective April 15, 2022, guests staying at Secrets Bahia Mita Surf & Spa Resort or Dreams Bahia Mita Surf & Spa Resort will have the option to contribute a \$3 USD per night, per room Environmental Fee upon check-in.

This new Environment Fee will be used to help preserve the nine hectares (10,000 square meters each) of jungle that surround both resorts. The contribution will also help sustain the nursery of over 50 plants on property, and help to support a program to reforest inside and around the property, which includes a residual water treatment plant, maintaining beach certifications, protecting turtle care and bird feeding, and the care and protection of local animals in the region. Guests are able to accept or decline this fee when asked at check-in, and there is no obligation for a guest to contribute.
